(In a...)

In a town where I was born lived a man who sailed to sea,
and he told us of his life in the land of submarines.
So we sailed up to the sun till we found the sea of green,
and we lived beneath the waves in our yellow submarine.

We all live in a yellow submarine, yellow submarine, yellow submarine.
We all live in a yellow submarine, yellow submarine, yellow submarine.
And our friends are all on board. Many more of them live next door.
And the band begins to play: Ratata tam, padepam, padepam. Ratata pam pam pam pam.

We all live in a yellow submarine, yellow submarine, yellow submarine.
We all live in a yellow submarine, yellow submarine, yellow submarine.
As we live a life of ease everyone of us has all we need.
Sky of blue, and sea of green in our yellow submarine.

I verkligheten är inte rytmen i "Yellow Submarine" riktigt så "struttig" som noterna visar. Skulle noterna följas slaviskt, så blir den långa tonen tre gånger så lång som den korta. Låten spelas istället med *triolekänsla*, vilket innebär att den långa tonen bara blir dubbelt så lång som den korta. Man slätar alltså ut rytmen en aning för att känslan ska bli rätt!
